

Why am I not seeing the option to report Staff Point of Care (POC) test results? How can I

If an NHSN User has rights to Add Staff POC test data, the option for staff will be listed in the drop-down menu for Type of Individual Tested. However, for confidentiality reasons, NHSN has only defaulted the rights to enter staff POC test result data to the NHSN Facility Administrator (FacAd). This means that other NHSN users will not be able to Add staff POC test data until enabled by the NHSN FacAd. The NHSN FacAd can then, in turn, give rights to other Users in the system to enter the data should he/she choose to do so. The NHSN FacAd will need to do this for each person that they wish to have such rights, individually.

Please see screen shots below for steps for an NHSN FacAD to assign “add, enter or delete”, or “view” rights to staff POC test data, to additional facility NHSN members.

1. Once in the NHSN application, choose Users, and then Find from the options on the blue navigation bar and drop-down menu respectively.

The screenshot displays the NHSN application interface. At the top, the CDC logo and text "Centers for Disease Control and Prevention" are visible. Below this is the NHSN logo and "National Healthcare Safety Network" with a unique identifier. The left navigation bar includes options like "NHSN Home", "Alerts", "Dashboard", "Reporting Plan", "Resident", "Event", "Summary Data", "COVID-19", "Vaccination Summary", "Import/Export", "Surveys", "Analysis", "Users", and "Facility". The "Users" option is selected, and a dropdown menu is open, showing "Add" and "Find" options. The main content area is titled "Find User" and contains a search form with the following fields: "User ID:", "First Name:", "Middle Name:", "Last Name:", "Phone Number:", and "E-mail Address:". Below the fields are three buttons: "Find", "Clear", and "Back". A red arrow points to the "Find" option in the dropdown menu, and another red arrow points to the "Find" button in the search form.

2. Type in the last name of the individual who is already an NHSN User in the facility. Choose Find.
